

Product Technical Data Sheet	
Product name: Boron Glycinate	AC code: AC02229a
Item	Specifications
Appearance	
Appearance	White crystalline powder
Typical Analysis	
Boron(on dried basis)	≥3.5%
Loss on drying	≤5.0%
pH	5.5~7.0
Particle size	90%passing 60 mesh
Pb	≤3ppm
As	≤1ppm
Cd	≤1ppm
Hg	≤0.1ppm
Total plate count	≤1000cfu/g
Yeast and Mold	≤100cfu/g
E.Coli	Negative
Salmonella	Negative
Conclusion: Test results conform to above-mentioned specifications	
Packaging, transportation, storage, shelf life and origin country	
Package	25KG NET DRUM
Storage	preserve in tight containers at controlled room temperature.
Shelf Life	24 months
Origin Country	China
